

Multi-Purpose Pusher

Easily clear surfaces of loose materials

MORE EFFICIENT THAN SHOVELS AND SCRAPERS

Perfect for loose materials such as:

- Snow and slush
- Wood chips, shavings, and sawdust
- Plastic scrap and metal shavings
- Grain, silage, and farm waste
- Warehouse and industrial spills

EXCLUSIVE 3-SIDED BLADE DESIGN

- Equivalent to a 48" standard shovel or scraper
- Holds up to 2458 cubic inches of material per pass—saving you time and energy
- Loose materials won't fall off the blade edge like traditional straight-edge shovels
- Easily glides over cracks and seams in cement, decks, pavers, and other uneven surfaces
- Safe for wood and composite decks

Multi-Purpose Pusher

Easily clear surfaces of loose materials

ERGONOMIC DESIGN REDUCES EFFORT AND STRAIN

- Pivoting handle and blade ensures comfortable push angle and reduces back strain
- Wide u-handle evenly distributes weight to both arms, allowing you to push more with less effort
- Dual use for both pushing and pulling
- Light-weight and easy to use
- 1-year limited warranty
