EFFIZIENT

Gain Efficiency in Material Handling

The plan-o-gram **reset cart** from our **opti cart** line is used to redo shelf layouts and move merchandise over a short distance. Maximized Productivity provides an rapid ROI.

Benefits:

- ☐ Open on all four sides for easy access
- ☐ Better product visibility
- ☐ Adjustable shelf height
- ☐ 1/4" lip on shelves keeps products secure in transit
- ☐ Different caster configurations available
- ☐ Sturdy construction
- ☐ Compact design for in-aisle maneuverability
