

opti cart

EFFIZIENT

Gain Efficiency in Material Handling

The **opti cart** product line was developed in cooperation with major U.S. retailers. The replenishment-cart version of our **opti cart** combines product visibility with instant mobility of your overstock. Higher fill-rates on the sales floor result in lower inventory levels in the back-room. Realized time savings in the replenishment process deliver constant savings and an immediate ROI.

Benefits:

- ❑ Available in 23" and 28" width
- ❑ Sliding shelves for easy product access
- ❑ Large variety of accessories
- ❑ Adaptable to product characteristics
- ❑ Different caster configurations available
